

SINCE 1984

INDIA'S LEADING
MANUFACTURER
AND EXPORTER OF
REFRACTORIES

ABOUT JAINCO

Jainco Group of Companies initiated its functioning in the field of refractories in the year 1984, establishing its first manufacturing unit at Alwar, Rajasthan, followed by Bagru in Rajasthan, Wankaner in Gujarat, Bhatinda in Punjab, and Pune in Maharashtra, India.

We have a mature working relationship with the world's leading boiler manufacturers (most notably, Thermax Babcock & Wilcox, ISGEC, BHEL & IBL) and a very wide base of captive power-plant customers.

Jainco has supplied unsurpassed materials to diverse industries - Power & Energy, Cement, Textiles, Paper, F & B, Iron & Steel, Chemicals & Fertilizers, Engineering etc. Continuous in-house improvements based on exhaustive feedback and interactions with our customers and boiler operators are the foundations that have made our products a technical and commercial success globally.

THE JAINCO ADVANTAGE

1 EXPERIENCE

We have 45+ years of experience in the refractory technology and market, being India's leading manufacturer and exporter.

2 EXPERTISE

We tailor make solutions suited to your requirements and advise the best possible route for you to optimize production and get the very most out of your boilers.

3 EFFICIENCY

We boast of state-of-the-art infrastructure comprising special processing machinery, efficient packaging and alliances with the best transport companies, to keep your plants running always.

**4 STATE-OF-THE-ART
FULLY EQUIPPED PLANTS**

**ANNUAL PRODUCTION
CAPACITY OF
60,000 MT**

**IN-HOUSE, WELL-EQUIPPED
QUALITY CONTROL
LAB**

**2000+ CUSTOMERS
IN 20+ COUNTRIES**

**ISO 9001:2015
CERTIFIED COMPANY**

**SMB PARTNER OF
RHI MAGNESITA**

PRODUCTS

1 **BOILER BED MATERIAL**

- For AFBC Boilers
- For CFBC Boilers
- Special Material for different Fuels

2 **REFRACTORY BRICKS & BLOCKS**

- Fire Bricks, High Alumina Bricks
- Dense Alumina Bricks
- Phosphate Bonded Bricks
- Mullite Bricks

3 **INSULATION BRICKS**

- Cold Face
- Hot Face
- Hot Face Kyanite (HFK)
- Porosint

4 **BASIC BRICKS**

- Magnesite Bricks (Upto 90% MgO)
- Chrome Magnesite Bricks
- Magnesite Mortar

5 **ACID RESISTANT BRICKS & TILES**

- Acid Resistant Tiles
- Acid Resistant Mortars
- Acid Resistant Bitumen Primer
- Acid Resistant Mastic

6 **CASTABLES & MONOLITHIC REFRACTORIES**

- Fire Clay & High Alumina Mortar
- High Alumina Cement & Binders
- Medium Purity Dense Castable
- High Purity Dense Castable
- Low Cement Castable
- Insulating Castables
- High Alumina Plastic Refractory Castable

7 **INSULATION PRODUCTS**

- Ceramic Fiber Products (Wool, Blanket, Paper & Board, Module)
- Calcium Silicate Blocks
- Mineral Wool & LRB Mattresses

8 **LINING SERVICES**

- Refractory Material Application Work
- Acid Resistant Material Application Work
- Hot & Cold Face Insulation Material Application Work
